# SEE YOU BFU

I am blessed to be part of BFU family, my two-years home in Beijing. Despite of learning and academic activities, I have the opportunity to know new peoples with different language, culture, foods and alphabets. It will be one of the most expensive experience in my life. In this regard, I would like to thanks APFNet, all BFU lectures and staff, particularly from International Student Office and School of Economics and Management and all my international and chinese friends. Thank are also to those who have assisted in one way or another in making my study and two-years life in Beijing a success and memorable one.

# SEE YOU BFU

Beijing is a big and one of the most developed city out of the world. The cleanliness and the urban forestry of the city impressed me much. I always appreciate it in my life, I suppose. I also impressed with well managed different touristic places, ancient and historical heritage sites and parks. The stay in Beijing will be memorable for me and lead to think on such direction for my betterment. I Miss Beijing, China. Thank you.

# SEE YOU BFU

Beijing Forestry University is a phenomenal university with very high standards and environment to make learning the best for its students. I've learnt so much from the school and all the experiences that I had during my school year, although the classes were a bit challenging, it was those challenges that made me gain the most wisdom. I made close friends and family from the people who were around me for the years of stay there. I can now say that I am leaving and going out in the world with a full gist of knowledge. I will truly miss the university because of the wonderful journey but at the same time I have memories that will last for a lifetime.

## SEE YOU BFU

这本科四年里我对学校的印象很深刻，一开始来学校的时候我都不知道要怎么过日子，首先我刚学了汉语，不怎么跟别人沟通过，说话一直不流畅，上课都听不懂老师讲话的内容。第二呢，是生活习惯的问题了，中国文化跟我们国家不大一样，特别是饮食方面，在食堂吃的菜都比较你的那种，总是吃不惯等等。但老师和同学们的帮助下很快适应了这种环境，不知不觉中已经过了四年要毕业了。我要回国了，但我真的舍不得，留学生办公室的老师们和照顾我们生活的宿管阿姨和叔叔我永远都不会忘记你们爱你们，谢谢你们的一直以来的照顾!

# SEE YOU BFU

I love most about Beijing Forestry University Location, existed in heart of city and providing the world class opportunity of living, studying and searching. BFU teachers are very cooperative in sense of research and study, My professor is very kind and search oriented mind set, He also provide lot of socializing opportunities with seniors and other colleagues to interact and learn from them. I love the scenery of BFU which is most beautiful part of university.

## SELF INTRODUCTION

My name is Siti Fatimah Ramli. I am from Malaysia. Now, I am master student in Forest Economics and Management at Beijing Forestry University (BFU). My hobbies are reading and travelling.

After graduated from University of Malaya, Kuala Lumpur, I was appointed as a Diplomatic and Administrative Officer in January 2009, one of Malaysia's civil service scheme that forefronting policy formulation and play the main administrative function in various government component and agencies.

I have worked at Biodiversity and Forestry Management Division, Ministry of Natural Resources and Environment and my task is related to the policy planning, formulation and implementation of various programs, legal framework and other forestry related matter. This role does not only cover national sectors, as I also involved in formulating Malaysia's position in multilateral environmental agreement and various international's forum and framework in forestry sectors.

I have known China since my secondary school through the course of history where I learnt the world's earliest civilizations including Chinese one. Chinese civilizations have its distinctive features when compared to other worldwide ancient civilizations like Indus, Nile and Mesopotamian civilizations. Starting from that, I have dreamt to be in China and I am lucky because I got that opportunities to represent my country in meetings and conferences. In addition, I plan to further my study in China because I was inspired by Prophet Muhammad's saying, "Seek knowledge even in China", meaning that China is far away, but it is still a place where you could find knowledge.

My dream has come true when I was offered to further my master degree under the scholarship of Asia Pacific Network for Sustainable Forest Management and Rehabilitation (APFNet) and I chose to be in BFU. I wish that I would use this opportunity to get new knowledge especially on economic related to forestry from the second largest world economic country as well as to get closer and explore all the part of China. I believed my journey in China, with its diverse population and internationally recognized universities, is an excellent investment for my future professional career in the forestry sector.

## VIEW ABOUT THE MAJOR AND UNIVERSITY

I have chosen to further my master degree in Forest Economics and Management because my passion in forestry and it is related to my work. BFU is top university for forestry and one of the best and well known internationally for forest economics. It has strong capabilities with knowledgeable and experienced professors and associate professors. The university also known for its high-quality teaching and research, as well as leading roles in professional societies and services. It also has a comprehensive teaching equipment and good facilities within the campus.

I believed that being part of the student in BFU, particularly in the School of Economics and Management will help me to gain knowledge, experience new approach and to learn the best management practices of forest and forest economics of China.

I am blessed to be part of BFU family, my two-years home in Beijing. Despite of learning and academic activities, I have the opportunity to know new peoples with different language, culture, foods and alphabets. It will be one of the most expensive experience in my life. In this regard, I would like to thanks APFNet, all BFU lectures and staff, particularly from International Student Office and School of Economics and Management and all my international and Chinese friends. Thank are also to those who have assisted in one way or another in making my study and two-years life in Beijing a success and memorable one.

# SEE YOU BFU

In my opinions BFU is a welcoming and exceptional school because of the presence of excellent professors. In BFU they treated students with respect and compassion that is way to stude at BFU is good opportunity for foreign student and allowed us an insight into their culture by learning their language. Study in BFU have to be a dream for a all student.

# SEE YOU BFU

What I have learned here by studying on campus and staying off-campus was enough to understand about the Chinese education system and Chinese culture. I would like to pay tribute to the university administration, academic staff and International students affair department that was very helpful in providing opportunities to make this place favourable and friendly to international students. As an institute, BFU is my darling; it's like second home to me because I've consumed 4 precious years of my youth here when everyone of my classmate back there in Pakistan was busy in getting married and raising kids. Thanks to this institute who made me eligible to communicate in Chinese language otherwise it was a nightmare to ask for toilet in English when other person is unable to understand you, except Chinese language.

# SEE YOU BFU

Before I came to China, I just knew that China has a vast territory, a large population, and rapid economic development. Luckily I came to China and witnessed this fact with my own eyes.

I remember when I first came to China, I didn't understand Chinese and I never used in my life. The process of getting along with the teachers and classmates has made me unforgettable. I have learned Chinese with my teachers and classmates bit by bit. After more than three years of hard work, I have been able to successfully express myself. I feel the subtleties of Chinese culture more and more, and I also experience the joy of Chinese.

I am now studying and living in China. I have a lot of Chinese friends. China has vast territory and abundant supplies. My research advisor and lab fellows are so kind to me in providing me new skills and knowledge of my major subject, we are working like a family. During my stay here till now I have been published one SCI paper(1) The olive (*Olea europaea* L.) industry in China: its status, opportunities and challenges DOI 10.1007/s10457-017-0129-y. I have already written two more papers entitled(unpublished yet) (2) "Spatio-temporal characteristics of water use efficiency and its relationship with environment factors in Lushuihe of Changbai Mountains, China; XuhuaLi<sup>1,2</sup>,TanzeelJavaidAini Farooqi<sup>1,2</sup>, OsbertJianxin Sun<sup>1,2</sup>(3) Reconciling forest Carbon sequestration and water conservation: state of knowledge and research outlooks by<sup>1</sup>Tanzeel Javaid Aini Farooqi, <sup>2</sup>Xuhua Li and<sup>3</sup>\*Osbert Jianxin Sun, similarly I am working on my two more research papers entitled: Global meta-analysis of Forest carbon sequestration and water conservation issues and will be published soon.

I have also assisted my research advisor in Class lectures and as research papers reviewer and the activities assigned to me. I have been the part of Research group of my Lab conducted field trails at Lushuihe of Changbai Mountains, China. I am currently reviewer of two international SCI journals (1) Scientific Report (2) Journal of Forestry Research (Proofs may be provided on demand).During my stay here I have been attended many national and international workshops held in China. I have won third prize in research poster paper presentation (2015) in annual workshop of Ecology at Henan University, China.

In the university I have been participated as team member of Badminton team (double) and we won the first position in inter-university badminton competition.

I have also witnessed China's rapid progress and made the world more visible. I feel proud to be a student studying in China. The china is the land of peace, humbleness and harmony. At the same time, this land in China has brought me up in the past three years. I like China more and more.

I wish and hope my future stay in China will encounter me many new happy and un-forgetful moments. Last but not the least I am thankful to the Chinese Government Scholarship Council, International student office of Beijing Forestry University, my Forestry School as well as Institute of Forestry and Climate Change of Beijing Forestry University, China.

Tanzeel Javaid Aini Farooqi(艾尼)

# SEE YOU BFU

It is hard to reveal the core feelings about BFU as I have really enjoyed my time in this institution. I found all what a conducive environment . demands for a health life style, mental satisfaction, spiritual calm and above all the freedom of work. I enjoyed learning in the best Landscape School. all over the China and accompanied by one of the best scientists in China. Collaboration with lab fellows in different projects granted me a plenty of novel . ideas to work with and strengthened my base in my field. Besides, the life in BFU was quite satisfied, as what I imagined to be. One best part is the role . of International Student Office (ISO) of BFU. We are nothing without the support and care of ISO. The way ISO deals with international students is just . remarkable. They let me try Chinese singing, for the first time in my life, for that teacher Zhang guided me like a child and encouraged me to carve . out my way in the dwindling hopes. ISO organized tours and competitions to grasp the cultural and natural beauty of China. My heart bleeds thinking that. this luxury is about to gloom, however, the sparking and dazzling bunch of sweet memories would always be a soothing companion down to the continuity of . breaths. This would always be the best part of my life studying under Chinese Government Scholarship in BFU and enjoying the beautiful life here with a . great helping hand from the ISO. I conclude my words with the following slogan: 'Long live BFU, long live ISO'

# SEE YOU BFU

Well, I have spent almost five years in BFU. Five years are not five days, but spending those five years in BFU was great. I did not had a lot of interaction with the international student office, but the few times I have done it, I was all the time satisfied with their decision. And even while back to my country for holiday they was always cheeking on me, by phone calls or email(A special thank to MR Zhang). About the economic school, they are realy doing a great job, because they alway improving there interaction with the international student ( A special Thank to MR Xia). And my greatest impression about BFU is about the teachers and the most importantly the Chinese students, they are so helpfull, always ready to help (at least in my case,).A special thank You tou Miss 侯方淼 and my classmate 姚茂元. I can't end without talking bout our lovely wide dorms, and the lovely couple that we have as AYI and SHUSHU, well they are gonna be the one that i will miss the most in BFU.

To resume i just felt like Home with my family in BFU.

Hint : The international student office should keep improving the programmes for Internationnal students.

# SEE YOU BFU

When I was a little girl, I had a great passion for Chinese movies and was interested in Chinese culture. As a result, I decided to choose Chinese language as my major with the hope of understanding about China's people as well as customs. Luckily, I received the scholarship from Chinese government and was enrolled by Beijing Forestry University for International Trade Master Degree. At the beginning, I faced to many troubles, especially cultural barriers such as differences in Chinese cuisine and customs. However, thanks to the support from International Student Office, particularly Teacher.Diao, Teacher. Zhang and Teacher. Huang. I overcame all the difficulties and gradually adapted with the life speed of Beijing. When I started my major year, the Chinese teachers and friends helped me a lot. I would like to express my big thanks to my supervisors, Prof. Cheng and Associate Prof. Yu - who always gave me many helpful advices during my research. Besides, I was grateful for all my countrymates to be my side and support me when I was under biggest pressures

# SEE YOU BJFU

北京林业大学（BJFU）在我的印象中，虽然是一个外国留学的学生，但在我的心中北京林业大学就是我的中国家。第一天来到北京林业大学感觉老师都很善良。第一年上了汉语课，在陌生的环境里，留学生汉语课的同学们都很快成为好朋友，天天开心学习，一起帮助通过了汉语水平考试。在第二年要上专业课（旅游管理），感觉特别紧张，感觉汉语水平不够，听不明白老师在讲什么，但是又受到老师的善良，让我安心得学习，鼓励我们努力通过课程。在中国留学还让我觉得很难得，能看到中国学生这么多得努力学习，让我羡慕中国的未来发展中有这么多人力资源。另外学校的环境让我难忘，春天在我心中最喜欢，五颜六色的季节。冬天也是我最享受的，因为自我国家没有冬天，学校里看到下雪，寒冷白地，像是在韩国电视剧里的演员。学校红黄色的树叶，感觉是另外惊奇，尤其是小南门路，人山人海的景点。还有我的保密的地方，想家时去学院中心楼，远远看一下，就能曾加力气，包括盈福楼烤鸭店的北京烤鸭，令我开心的忘了想家。最后深深难忘的是我的导师张玉钧的辅导下，鼓励我做出没有经验的事情，不能相信自己能写出了汉语的论文。以及吴斌老师和及张宁清老师，一直关心与指教。不能不说“感谢”北京林业大学的相遇。

# SEE YOU BFU

BFU is an outstanding and a welcoming school. From the first day into this lovely place, I felt at home and since then I knew the most memorable experiences of my life.

The school has treated us with kindness, dignity, respect and compassion. Chinese people allowed us an insight into their rich and beautiful language and culture and even offered us numerous opportunities to explore the most iconic places of China and make friends with people of different nationalities and backgrounds.

During my 4 years stay into this spectacular university I have had the chance to learn from experts in diverse fields and explore my passions through exceptionally structured academic programs, extracurricular activities and field trips. I greatly enjoyed the school's unique learning environment with the colors and quietness of its well-designed gardens and infallibility of its infrastructures. I'll always remember BFU as a "Top dream university" and a "Very beautiful campus".

# SEE YOU BFU

转眼间四年紧张而又充实的研究生生活即将画上句号。在这四年的学习期间，我得到了很多老师、同学和朋友的关怀和帮忙。我要向所有期间给予我支持、帮忙和鼓励的人表示我最诚挚的谢意。

第一次来中国，我一句汉语话也不会说，刚来的时候生活方面也不太习惯。万分困难。但朋友们，同学们，老师们一直热情帮助，指导所以今天我会得到一定的结果。另外，BJFU还带来给我许多机会了解中国的文化、人民、风景。我还记得我刚到这里的初期，老师们给出了每个人的详细说明。我们执行重新入境程序，为每个像我们这样的国际学生安排住宿。汗流涕，累了一口气，我们默默地感谢他们。进入专业时，老师，同学们也热情地指导。体育活动，交流活动也非常精彩，帮助我研究生活的色彩，令人难忘。不仅如此，BJFU给了我最大的成就，这是一个密集的学习环境。这是我后来研究成长和发展的良好机会。

再次感谢BJFU为我提供了新生活体验，新学习机会；我生活中的这段时间是最美好的时间。

# SEE YOU BFU

It is my immense pleasure to say some words for whom I've always had a great deal of respect for all you have done to make what is impossible possible. However, when I moved from my home to the indispensable common home of the entire human family (China), I realized that there are always lessons to be learned and I have had more to learn, you will see that one of these lessons brings me to the conclusion that we have to teach ourselves that we don't have to take shortcuts in life and we have to strive for meaningful success in whatever job we do.

Indeed, what I took away from BJFU as a result was not only the academic and research knowledge but also the confidence to help me locate myself in a highly competitive world, to view any challenges as a potential opportunity for gaining more and more experience.

Finally, I have to tell you that BJFU name always and forever will be associated with the memory of the far-sighted events in my life.

# SEE YOU BFU

At the time I step into Beijing Forestry University, I felt very strange and lonely because I was away from my close friends and family. Few months later, I felt different that BJFU is my second home. I have both Chinese and international friends that are just like my brothers and sisters. I have professor that are like my second parents and family who always assist when I need help and gave very useful and instructive lectures. This experience will always remind me the biggest inner circle I ever made and a great gratitude to BJFU and APFNet. Finally, I am very thankful to BJFU who give me the best facilities for my study and living in China. Also very special thank to APFNet who always support and care about our study to make our graduation successful and valuable.

BFU is an amazing school with comprehensive teaching programmes and good living

conditions. People in BFU are friendly and open minded. Occasionally, the

International Student's Office organizes outings where we gather up to visit some of

the most famous scenic spots in the city, which is also an opportunity for us to learn

more about Chinese culture. I can say that all the time I spent in BFU was worth it.

# SEE YOU BJFU

For me, Beijing Forestry University is the second home. I am grateful to BJFU and Chinese Scholarship Council (CSC) for providing this golden opportunity to complete my higher degree and fulfill my dreams. I have been here for 4 years, during my stay at BJFU I learned a lot. BJFU facilitated me well with friendly environment not only to enhance my academic and scientific skills but also provided opportunity to know more about Chinese tradition and culture.

Here, I must express my deepest sense of appreciation and devotion for International Student Office (ISO) of Beijing Forestry University. I am extremely grateful to the sympathetic attitude, inspiring guidance, generous assistance, and timely advices from the office.

It makes me sad that my journey to this land of innovations, cultural harmony and magnetic attractions is going to an end, but my heart will remain tuned with the impressive memories of BJFU, Beijing and China. This lofty spirit will keep my thoughts and dreams connected with the charms of BJFU, permeating throughout my life. I hope my thirst would bring me more chances to come back again and again to deepen my explorations into the historical, natural and cultural beauty of China.

# SEE YOU BFU

I would like to express my gratitude to Chinese Government by China Scholarship Council (CSC) and Congolese Government who give me a great opportunity through the scholarship to achieve the PhD degree. This gratitude goes also to Beijing Forestry University, who accepted enroll me to his PhD degree program, to the Laboratory of Ecological Planning and Management from the School of Forestry (Beijing Forestry University).

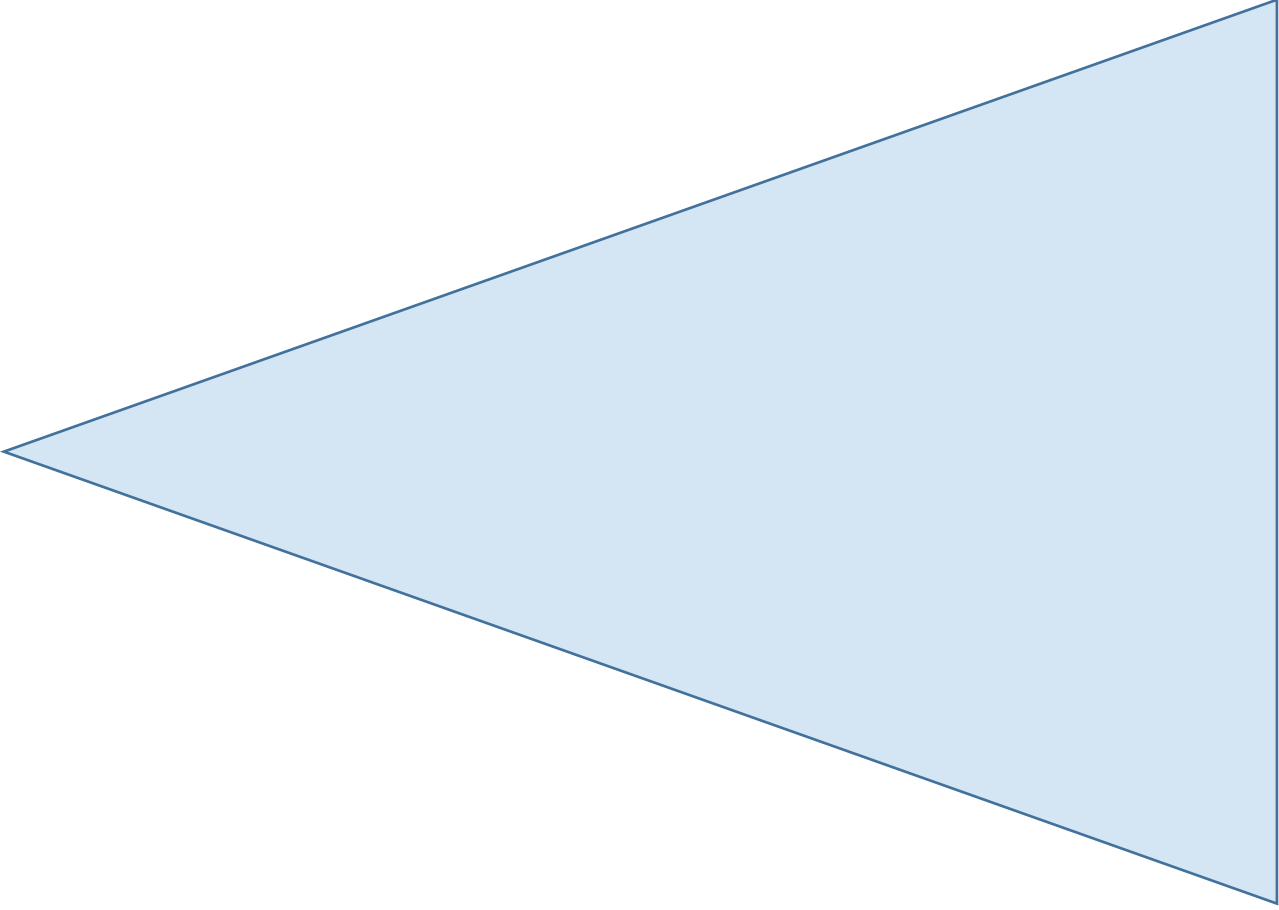

I remain very grateful to Prof. Song Weiming, former President of Beijing Forestry University who accepted me to study at Beijing Forestry University. My sincere gratitude goes to the International Student Office' s staffs of Beijing Forestry University who are the follow teachers: Mrs Xu Lumin, Mrs Diao Yarong, Mrs Wang Jing, Mr. Zhang Duo, Mrs Cheng and his Director Prof. Junchang Liu for effective management during the eight years (Master and PhD program) I stay in Beijing.

Also, I thank the teachers of Ecosystem Management and Planning (Prof. Han Hairong, Prof. Niu Shukui, Prof. Liu Yanhong and Dr. Chen Feng) in Beijing Forestry University, and all the Professors from the forestry school in Beijing Forestry University for them helps.

My special thanks and gratitude are directed to my Supervisor Prof. Shukui Liu for his supervision, close guidance, constructive feedback, and comments and words of encouragement from very beginning till the completion of this study, and for bringing ideas to shape up my PhD research.

I sincerely thank my Co-supervisor, Associate Prof. Xiaodong Liu for his support, scientific contribution, advice and guidance during my study period in China.
